

Name: \_\_\_\_\_

**BPA Written Contest Rubric**

You have elected to compete in three non-judged BPA contests. For each of the three non-judged contest that you have signed-up to compete in, you will have the opportunity to earn 25 completion points.

If you compete in three non-judged contests, you can earn a maximum of 75 points.

To earn these points, you must:

1. Take the tests and perform each of the steps (as applicable) in its entirety.
2. You are responsible for scheduling and taking these tests during the time that your teacher has allocated for test taking. Your teacher will not chase you down to take the test. You will not earn points for a contest test that you have not taken.
3. You also must score a high enough test score to suggest that you are not just randomly coloring in the bubbles on the Scantron for 25 points. Generally, this will be a test score greater than 30% correct.
4. Turn in the contest Scantron and test booklet to your teacher within the allocated time. If you exceed the time allocated (noted on the front of the test booklet), you will be disqualified from the contest and will not earn any points.

Contest 1: \_\_\_\_\_ + Contest 2: \_\_\_\_\_ + Contest 3: \_\_\_\_\_ = \_\_\_\_\_

Good luck!! Take the contests seriously and you may win at regional competition and move up to state competition!
