Please give thoughtful responses to these questions as I take your opinions very seriously. Please be forthright. I really want to know your thoughts. Improvements can always be made:

1. Overall, how would you rate the Computer Network Academy experience?

2. What was your goal when originally signing up for the CNA course?

3. Did the experience here at CVCC help you obtain your goals? Were you able to attain your goal(s)?

4. What things helped you the most to learn networking? (i.e. mp3 files, lectures, videos, CBT Nuggets, study guides, IMs, labs, packet tracers, worksheets, review jeopardies, review PowerPoints, etc.)

5. What helped you the least to learn networking?

6. My advice to make the course better for future networking students is to:

7. The pace of the course was: (circle one) **Too Slow** **Just Right** **Too Fast**
